Stockholder Return

The charts below illustrate the cumulative total return to Dow stockholders over certain periods of time. They depict a hypothetical $100 investment in Dow common stock on December 31 of the first year of the charts, and show the value of that investment over time until December 31, 2006, with all dividends reinvested in stock. Hypothetical investments of $100 in the Standard & Poor's 500 Stock Index and the Standard & Poor's 500 Chemicals Index are shown for comparison.

The form of the charts above is in accordance with requirements of the U.S. Securities and Exchange Commission. Stockholders are cautioned against drawing any conclusions from the data contained therein, as past results are not necessarily indicative of future performance. These charts do not reflect the Company’s forecast of future financial performance.
Today, Dow is strong. Tomorrow, we will be even stronger as we drive forward with a strategy focused on retaining the fitness we have fought hard to achieve, reshaping our organization to distinguish Dow from its peers and ultimately redefining what it means to be a world-class chemical company.
