

Why air-seal?

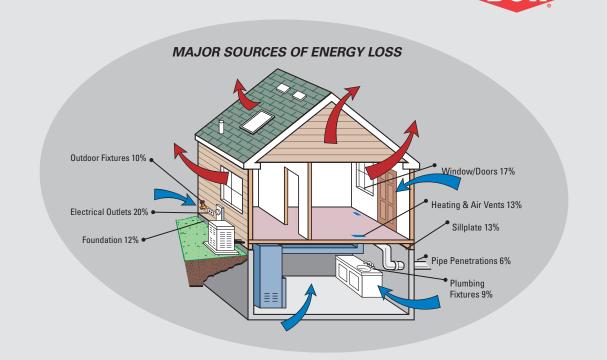

Air leakage through gaps, cracks and holes is the largest cause of residential heating and cooling loss. This loss accounts for 30-50% of the energy used in most homes. This remains true even in homes that are well insulated with fiberglass insulation, yet not air sealed.

What are the benefits to air-sealing?

- Conserves energy
 Reduces energy costs
 Enhances comfort
- Keeps pests out Controls dust and allergy irritants
- Decreases noise pollution Minimizes condensation

GREAT STUFF™ CONSUMER SERIES

GAPS & CRACKS

• The "original" formula

• Interior/exterior use

Tack free in 6 minutes

trims in 30 minutes

• Cures rigid in 8 hours

Exceptional adhesion to

building materials

tubes of caulk

tubes of caulk

Cream colored foam

Sandable, paintable, stainable

• One 12 oz. can = up to 19

• One 20 oz. can = up to 30

- Fills, seals and insulates gaps up
- Forms a permanent weather-tight seal to minimize drafts and
- insect infestation
- Stops air leakage and energy loss • Airtight, water-resistant seal

 - 30 minutes
 - Cures rigid in 8 hours
 - · Cream colored foam

 - One 12 oz. can = up to 19 tubes of caulk
 - 35 tubes of caulk
 - All-direction dispensing
- All-direction dispensing

• UL Classified 20 oz.

BIG GAP FILLER

- Fills, seals and insulates gaps greater than 1/2 inch
- Forms a permanent weather-tight seal to minimize drafts and insect infestation
- Stops air leakage and energy loss
- Airtight, water-resistant seal Interior/exterior use
- Tack free in 6 minutes, trims in
- Exceptional adhesion to building materials
- Sandable, paintable, stainable
- One 20 oz. can = up to
- UL Classified

20 oz.

WINDOW & DOOR

- Low pressure formula • Proven not to bow window & door frames
 - · Cures soft, flexible foam
- Stops air leakage and energy loss
 - Excellent adhesion to vinyl, wood and metal
 - Provides air tight seal
 - Compliments energy efficiency
 - of windows and doors Water-resistant seal-repels moisture
 - One can seals up to 4-6 standard sized windows
 - Tack free in 8 minutes, trims in 1 hour
 - Better insulation value than fiberglass stuffing
 - Use anywhere a flexible foam is needed
 - · Distinctive yellow foam All-direction dispensing
 - UL Classified

12 oz.

POND & STONE

- Landscape/hardscape foam filler, sealer and adhesive
- Damp and dry application · Adheres to stone and rock
- Water-resistant
- Safe to use around fish and
- Expands to fill gaps to direct water flow over rocks
- · Secures stones without mortar
- Fills cracks and holes in trees • Tack free in 6 minutes, trims
- in 30 minutes
- Cures in 8 hours
- Black polyurethane foam • One 12 oz. can = up to 19 tubes of caulk

12 oz.

283064

 All-direction dispensing UL Classified

FIREBLOCK

- Impedes spread of fire and smoke through service penetrations
- · Recognized as an alternative fireblocking material for residential construction
- Tested according to ASTM E84, ASTM E814 (modified), UL 1715
- Bright orange foam for easy code identification
- Seals service penetrations between
- Seals electrical runs through wall studs
- · Airtight, water-resistant seal • Tack free in 6 minutes, trims in
- 30 minutes • Cures rigid in 8 hours
- Exceptional adhesion to building
- One 12 oz. can = up to 19 tubes of caulk All-direction dispensing
- UL Classified

12 oz.

306179

QUARTER PALLET

- Comes pre-packed / 144 cans per display
- GREAT STUFF™ Gaps & Cracks (157900)
- GREAT STUFF[™] Big Gap Filler (157914)

- GREAT STUFF™ Window & Door (210666)

GREAT STUFF PRO™ SERIES

 Minimal expanding foam, Window & Door formula proven not to bow window & door frames

GAPS & CRACKS / WINDOW & DOOR (STRAW)

- Hole and crack filler, draft block
- Interior/exterior use
- Exceptional adhesion to most surfaces
- Forms a durable and water-resistant bond
- · Quick cure time in less than an hour
- Tack free in 8 minutes, trims in less than 1 hour Moisture-resistant skin prevents water penetration
- Freeze/thaw stable
- Sandable/paintable/stainable
- One 20 oz. can (straw) = up to 47 tubes of caulk UL Classified

20 oz. 197711 298140 (straw) (reusable straw) 20 oz.

GAPS & CRACKS / WINDOW & DOOR (GUN)

- · Same superior features and benefits as straw version • Pro Gun Applicator Tools provide precise control for filling,
- sealing and insulating gaps, cracks and window/door jambs
- Fills, seals and insulates gaps up to 3 inches deep
- Variety of oun tools available
- Extended barrel gun for long reach applications
- Bead size is easy to vary
- No post-dispensing drip
- Re-startable up to thirty days
- Minimizes waste
- One 20 oz. can = up to 60 tubes of caulk UL Classified

WALL & FLOOR ADHESIVE (GUN)

- A premium grade heavy-duty adhesive for interior and exterior use • Excellent bonding power to dry, damp and even frozen lumber
- Ability to reduce drywall nail pops and floor squeaks
- Bonds to plywood, rigid foam insulation, drywall, masonry, tile and concrete substrates
- Freeze/thaw stable
