GREAT STUFF PRO™ Pestblock Insulating Foam Sealant blocks insects and pests by sealing gaps, cracks and holes where they commonly enter the home.¹

**Specially formulated to block pests.**

GREAT STUFF PRO™ Pestblock Insulating Foam Sealant expands to fill, seal and insulate gaps up to 3" (75 mm), forming a long-lasting, airtight and water-resistant barrier. It blocks pests out of the home by eliminating points of entry.

- Blocks the entry of pests that can damage the house and its contents
- Contains no pesticides
- Forms a long-lasting, airtight and water-resistant barrier
- Reduces the need to reapply pesticides
- Helps improve energy efficiency by forming an airtight seal in gaps and cracks

**Reduces air leaks and energy costs.**

In addition to blocking pests, GREAT STUFF PRO™ Pestblock seals holes, gaps and cracks to help keep air from leaking out of or seeping into the home. Air sealing and insulating projects around the home can typically save homeowners up to 30% on home energy costs, according to the Residential Energy Services Network (RESNET).

**Protection against many common insects and rodents.**

GREAT STUFF PRO™ Pestblock blocks a wide range of pests from entering homes and office buildings, including:

- Spiders
- Ants
- Bees
- Cockroaches
- Mice
- And more

---

**Features and benefits at a glance.**

- Fills, seals and insulates gaps up to 3" (75 mm)
- Forms a water-resistant, airtight seal
- Bonds with most building materials and surfaces
- Trimmable, sandable and paintable
- Tack-free in 6 minutes²
- Interior/exterior use³
- Precise application with no mess
- Stores easily for use on future projects
- Uncured foam cleans up easily with GREAT STUFF PRO™ Gun Cleaner

---

¹ Consult the label and Material Safety Data Sheet carefully before use.
² Trim in less than 30 minutes up to 1" bead at 75°F (24°C); cures in 50% relative humidity. Actual cure time will depend on temperature, relative humidity and size of foam bead.
³ Skin of cured foam can discolor if exposed to natural light; paint or coat foam for best results.
Where to use GREAT STUFF PRO™ Pestblock.

- Under baseboards and attic hatch frames
- Hose bibs
- Dryer vents
- PVC pipe penetrations
- Plumbing penetrations

Greatness comes in many forms.

In addition to GREAT STUFF PRO™ Pestblock, Dow offers a complete line of products designed to meet or exceed the air sealing requirements of building professionals.

- **GREAT STUFF PRO™ Gaps & Cracks**: An excellent choice for gaps and penetrations up to 3” (75 mm), this insulating foam sealant expands to form an airtight and water-resistant seal.

- **GREAT STUFF PRO™ Window & Door**: This one-component, minimal-expanding, flexible polyurethane foam is exclusively formulated to air seal the gap between a window or door frame and its rough opening.

- **GREAT STUFF PRO™ Wall & Floor Adhesive**: A heavy-duty, premium-grade polyurethane foam adhesive for interior and exterior applications, this foam adhesive can be used to adhere subfloors, drywall, paneling, foam panels and most construction materials.

- **PRO Series Dispensing Spray Guns**: All PRO Series guns make it easy to apply GREAT STUFF PRO™ products and feature a flow control mechanism that permits dispensing beads from 1/8” to 3” (0.3 cm to 8 cm). Choose from:
  - PRO 13 Gun
  - PRO 14 Gun
  - PRO 15 Gun

- **GREAT STUFF PRO™ Gun Cleaner**: This attaches directly to the gun for quick cleanup of uncured foam.

Dow Polyurethane Foam Insulation and Sealants

CAUTION: When cured, these products are combustible and will burn if exposed to open flame or sparks from high-energy sources. Do not expose to temperatures above 240°F (116°C). For more information, consult (Material) Safety Data Sheet ((M)SDS), call Dow at 1-866-583-2583 or contact your local building inspector. In an emergency, call 1-989-636-4400 in the U.S. or 1-519-339-3711 in Canada. When air sealing buildings, ensure that combustion appliances, such as furnaces, water heaters, wood-burning stoves, gas stoves and gas dryers, are properly vented to the outside. In Canada visit: http://archive.nrc-cnrc.gc.ca/eng/ibp/irc/bsi/83-house-ventilation.html.

GREAT STUFF PRO™sealant and adhesive products contain isocyanate and a flammable blowing agent. Read all instructions and (M)SDS carefully before use. Eliminate all sources of ignition before use. Cover all skin. Wear long sleeves, gloves, and safety glasses or goggles. Provide adequate ventilation or wear proper respiratory protection. Contents under pressure. Not to be used for filling closed cavities or voids such as behind walls and under tub surrounds.

GREAT STUFF PRO™ Gun Cleaner is flammable and contains acetone and propane. Read all instructions and (M)SDS carefully before use. Eliminate all sources of ignition before use. Cover all skin. Wear gloves, and goggles or safety glasses. Provide adequate ventilation or wear proper respiratory protection. Contents under pressure.

Building and/or construction practices unrelated to building materials could greatly affect moisture and the potential for mold formation. No material supplier including Dow can give assurance that mold will not develop in any specific system.
