Section 1. Notice of PHI Uses and Disclosures

Required PHI Uses and Disclosures

Upon your request, the Plan is required to give you access to certain PHI in order to inspect and copy it. Use and disclosure of your PHI may be required by the Secretary of the Department of Health and Human Services to investigate or determine the Plan’s compliance with the privacy regulations.

Uses and Disclosures to Carry Out Treatment, Payment and Health Care Operations

The Plan and its business associates will use PHI without your consent, authorization or opportunity to agree or object to carry out treatment, payment and health care operations. The Plan also will disclose PHI to the applicable Plan Sponsor for purposes related to treatment, payment and health care operations. As of April 14, 2003, the Plan Sponsors have amended their plan documents to protect your PHI as required by federal law.

Treatment is the provision, coordination or management of health care and related services. It also includes, but is not limited to, consultations and referrals between one or more of your providers. For example, The Dow Chemical Company Dental Assistance Program may disclose to a treating orthodontist the name of your treating dentist so that the orthodontist may ask for your dental X-rays from the treating dentist.

Your written authorization generally will be obtained before any of the plans listed in the footnote\(^2\) will use or disclose psychotherapy notes about you from your psychotherapist. Psychotherapy notes are separately filed notes about your conversations with your mental health professional during a counseling session. They do not include summary information about your mental health treatment. The Plan may use and disclose such notes when needed by the Plan to defend against litigation filed by you.

Uses and Disclosures Where You Have an Opportunity to Agree or Disagree Prior to the Use or Release Disclosure of your PHI to family members, other relatives and your close personal friends is allowed if:

- the information is directly relevant to the family or friend’s involvement with your care or payment for that care; and

Your written authorization is required before your PHI may be disclosed for most marketing purposes or disclosures that constitute a sale of PHI.

You may revoke your authorization in writing for these uses and disclosures at any time, but the revocation will not affect any disclosure made prior to the receipt of the revocation.

Uses and Disclosures for which Consent, Authorization or Opportunity to Object is Not Required

Use and disclosure of your PHI is allowed without your consent, authorization or request under the following circumstances:

(4) When authorized by law to report information about abuse, neglect or domestic violence to public authorities if there exists a reasonable belief that you may be the victim of abuse, neglect or domestic violence. In such case, the Plan will promptly inform you that such a disclosure has been or will be made unless that notice would cause a risk of serious harm. For the purpose of reporting child abuse or neglect, it is not necessary to inform the minor that such a disclosure has been or will be made. Disclosure may generally be made to the minor’s parents or other representatives, although there may be circumstances under federal or state law when the parents or other representatives may not be given access to the minor’s PHI.

(5) The Plan may disclose your PHI to a public health oversight agency for oversight activities authorized by law. This includes uses or disclosures in civil, administrative or criminal investigations; inspections; licensure or disciplinary actions (for example, to investigate complaints against providers); and other activities necessary for appropriate oversight of government benefit programs (for example, to investigate Medicare or Medicaid fraud).

(6) The Plan may disclose your PHI when required for judicial or administrative proceedings. For example, your PHI may be disclosed in response to a subpoena or discovery request provided certain conditions are met. One of those conditions is that satisfactory assurances must be give to the Plan that the requesting party has made a good faith attempt to provide written notice to you, and the notice provided sufficient information about the proceeding to permit you to raise an objection and no objections were raised or were resolved in favor of disclosure by the court or tribunal.

(7) When required for law enforcement purposes (for example, to report certain types of wounds).

(8) For law enforcement purposes, including for the purpose of identifying or locating a suspect, fugitive, material witness or missing person. Also, when disclosing information about an individual who is or is suspected to be a victim of a crime but only if the individual agrees to the disclosure or the covered entity is unable to obtain the individual’s agreement because of emergency circumstances. (9) When required to be given to a coroner or medical examiner for the purpose of identifying a deceased person, determining a cause of death or other duties as authorized by law. Also, disclosure is permitted to funeral directors, consistent with applicable law, as necessary to carry out their duties with respect to the decedent.

(10) The Plan may use or disclose PHI for research, subject to conditions.

(11) When consistent with the applicable law and good standards of ethical conduct if the Plan, in good faith, believes the use or disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to a person reasonably able to prevent or lessen the threat, including the target of the threat.

(12) When authorized by and to the extent necessary to comply with workers’ compensation or other similar programs established by law.

However, the Plan is not required to agree to your request.

The Plan will accommodate reasonable requests to receive communications of PHI by alternative means or at alternative locations if you indicate that disclosure by the regular means could pose a danger to you and you specify a reasonable alternative address or method of contract.

You or your personal representative will be required to complete a form to request restrictions on uses and disclosures of your PHI. Requests to restrict uses and disclosures of your PHI should be made to the following person: Privacy Official; The Dow Chemical Company Health Plans; Employee Development Center, Midland, MI 48674.

Right to Inspect and Copy PHI

You have a right to inspect and obtain a copy of your PHI contained in a “designated record set,” for as long as the Plan maintains the PHI. You have a right to obtain a copy of your PHI in electronic format where it is maintained in one or more designated record sets electronically. You have the right to request that the Plan transmit a copy of PHI to another individual at your request.

“Designated Record Set” includes the medical records and billing records about individuals maintained by or for a covered health care provider; enrollment, payment, billing, claims adjudication and case or medical management record systems maintained by or for a health plan; or other information used in whole or in part by or for the covered entity to make decisions about individuals. Information used for quality control or peer review analyses and not used to make decisions about individuals is not in the designated record set.

The requested information will be provided within 30 days if the information is maintained on site or within 60 days if the information is maintained offsite. A single 30-day extension is allowed if the Plan is unable to comply with the deadline.

The Plan has 60 days after the request is made to act on the request. A single 30-day extension is allowed if the Plan is unable to comply with the deadline. If the request is denied in whole or in part, the Plan must provide you with a written denial that explains the basis for the denial. You or your personal representative may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your PHI. If the amendment is accepted, the Plan will inform you on a timely basis and obtain your agreement to notify the relevant persons with whom the amendment needs to be shared.

Right to Receive an Accounting of PHI Disclosures

At your request, the Plan will also provide you with an accounting of disclosures by the Plan of your PHI during the six years prior to the date of your request. However, such accounting need not include PHI disclosures made: (1) to carry out treatment, payment or health care operations; (2) to individuals about their own PHI; (3) pursuant to an individual’s authorization; (4) as part of a limited data set, or (5) prior to the compliance date.

If the accounting cannot be provided within 60 days, an additional 30 days is allowed if the individual is given a written statement of the reasons for the delay and the date by which the accounting will be provided.

If you request more than one accounting within a 12-month period, the Plan may charge a reasonable, cost-based fee for each subsequent accounting. The Plan will inform you in advance of the fee and provide you with an opportunity to withdraw or modify the request for a subsequent accounting in order to avoid or reduce the fee.

A Note About Personal Representatives

You may exercise your rights through a personal representative. A personal representative is a person legally authorized to make health care decisions on your behalf. Your personal representative will be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you. Proof of such authority may take one of the following forms:

• a power of attorney for health care purposes, notarized by a notary public;
• a court order of appointment of the person as the conservator or guardian of the individual; or
• an individual who is the parent of a non-emancipated minor child.

The Plan retains discretion to deny access to your PHI to a personal representative if the Plan has a reasonable belief that you may be subject to domestic violence, abuse, or neglect by the personal representative or if the Plan reasonably decides that it is not in the best interest to treat that person as your personal representative. This also applies to personal representatives of minors.

Section 3. The Plan’s Duties

Minimum Necessary Standard

When using or disclosing PHI or when requesting PHI from another covered entity, the Plan will make reasonable efforts not to use, disclose or request more than the minimum amount of PHI necessary to accomplish the intended purpose of the use, disclosure or request, taking into consideration practical and technological limitations.
