Preface

The medical benefits plan described in this *Booklet* is a benefit plan of the Employer. These benefits are not insured with **Aetna** but will be paid from the Employer's funds. **Aetna** will provide certain administrative services under the **Aetna** medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this *Booklet*. The Employer selects the products and benefit levels under the **Aetna** medical benefits plan.

The *Booklet* describes your rights and obligations, what the **Aetna** medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet*. Your *Booklet* includes the *Schedule of Benefits* and any amendments.

This *Booklet* replaces and supercedes all **Aetna Booklets** describing coverage for the medical benefits plan described in this *Booklet* that you may previously have received.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet* for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

How Your Medical Plan Works

Common Terms

Accessing Providers

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Comprehensive Medical Plan

This **Aetna** medical plan is designed to cover a range of medical services and supplies for the treatment of **illness** and **injury** and other preventive and routine medical expenses. It does not provide benefits for all medical care.

- The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.
- Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers*, *Exclusions*, *Limitations* and *Schedule of Benefits* sections to determine if medical services are covered, excluded, or limited.

How Your Plan Works

Accessing Providers and Benefits

- When you need medical care, you can directly access **physicians, hospitals** and other health care providers of your choice for covered services and supplies under the plan.
- This plan does not permit assignment of benefits.
- You may have to pay for services at the time that they are rendered. You may be required to pay the full charges and submit a claim form for reimbursement to **Aetna**. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** that you paid directly to a health care provider.
- When you pay a provider directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of the booklet for a complete description of how to file a claim under this plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible, payment percentage** amounts or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

NOTE: There are no benefits at all at the facilities listed below, other than outpatient and inpatient emergency services. This means that there is no coverage for both:

1. health care services provided by the facility; and
2. health care services provided by physicians and other health care professionals at the facility.

- Houston Physicians Hospital
- University General Hospital, LP
- Oprex Surgery Houston LP
- Houston MicroSurgery Institute
- International Center for Surgical Science
- First Street Hospital
- First Surgical Hospital
- Spars Surgical Center
- Houston Metro Ortho and Spine Surgery Ctr
- Kirby Surgical Center
- The Houston Center for Outpatient Surgery
- Physicians Surgicenter of Houston
- St. Michaels Center for Special Surgery
- Center for Minimally Invasive Surgery, LLC
- Bellaire Surgical Hospital
- Altus Baytown Hospital

For coverage of outpatient and inpatient emergency services by participating and non-participating providers, Health Plan may require a member to submit medical records supporting the emergency medical condition. It is the member's responsibility to submit any requested medical records. One or more providers may submit any requested medical records on the member's behalf, but it remains the member's responsibility to ensure that all requested medical records are submitted. If the member (or providers on the member's behalf) does not submit all requested medical records, all claims for coverage of outpatient and inpatient emergency services will be denied.

Cost Sharing

Important Note

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Aetna** will reimburse you for a **covered expense** up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**. The **recognized charge** is the maximum amount **Aetna** will pay for a **covered expense** from a health care provider. Your **payment percentage** is based on the **recognized charge**. If your health care provider charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. **Aetna** will only pay up to the **recognized charge**.
- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **payment limits** that apply to your plan.
- Once you satisfy the **payment limit**, the plan will pay 100% of the **covered expenses** that apply toward the limit for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the **payment limit**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **payment limit** and for the specific **payment limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the maximums shown in the *What the Plan Covers* section or the *Schedule of Benefit*.
- You may be billed for any **deductible** or **payment percentage** amounts, or any non-covered **expenses** that you incur.

Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week for:

- An **emergency medical condition**; or
- An **urgent condition**.

In Case of a Medical Emergency

When **emergency care** is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.

Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

In Case of an Urgent Condition

Call your **physician** if you think you need urgent care. **Physicians** usually provide coverage 24 hours a day, including weekends and holidays for urgent care. You may contact any **physician** or **urgent care provider**, for an **urgent care condition** if you cannot reach your **physician**.

If it is not feasible to contact your **physician**, please do so as soon as possible after urgent care is provided. If you need help finding an **urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access **Aetna's** online provider directory at www.aetna.com.

Coverage for an Urgent Condition

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness or injury**. If you access a **hospital** emergency room for follow-up care, your expenses will not be covered and you will be responsible for the entire cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **physician**.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

Requirements For Coverage

To be covered by the plan, services and supplies must meet all of the following requirements:

1. The service or supply must be covered by the plan. For a service or supply to be covered, it must:
 - Be included as a covered expense in this Booklet;
 - Not be an excluded expense under this Booklet. Refer to the *Exclusions* sections of this Booklet for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
 - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.
2. The service or supply must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply must be **medically necessary**. To meet this requirement, the medical services or supply must be provided by a **physician**, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of medical practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note

Not every service or supply that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

The four phases of one transplant occurrence and a summary of covered transplant expenses during each phase are:

2. Pre-transplant/candidacy screening: Includes HLA typing/compatibility testing of prospective organ donors who are immediate family members;

Coordination of Benefits - What Happens When There is More Than One Health Plan

Other Plans Not Including Medicare

COB if You Are Less than 65 Years of Age

When your Spouse of Record/Domestic Partner of Record is enrolled for medical coverage through his or her non Dow affiliated employer or former employer and under the Dow Plan, benefit payments will be coordinated with your Dow Plan. This means that claims may be filed to collect from both plans, but total benefits paid by Dow cannot exceed the negotiated fee schedule for services received through a Network provider or **Recognized Charge** for services received through an Out-of-Network or Out-of-Area provider. Note that dual coverage usually does NOT provide 100% coverage.

Primary versus Secondary Plan

When two different group plans provide coverage for you and your family members, the plan which is primary pays benefits first. The plan which is secondary determines benefits available after payment by the primary plan. The chart below shows how it works. This chart does not apply to Coordination of Benefits with Medicare. See "COB with Medicare" chart.

When the patient is:	Your Dow Plan will be:	The other group plan will be:
The Dow Retiree*: (without new employment)	Primary	Secondary**
The Dow Retiree*: (actively at work elsewhere with benefits)	Secondary	Primary
A non-Dow Spouse of Record / Domestic Partner of Record	Secondary	Primary
A Dependent child, and the parent whose birthday falls earlier in the year is the Dow Retiree*:	Primary	Secondary**
A Dependent child, and the parent whose birthday falls later in the year is the Dow Retiree*:	Secondary	Primary
* or 60 Point or 65 Point Retiree Medical Severance Plan Participant		
** When the other group plan does not include a Coordination of Benefits provision, the other plan is always primary. Court rulings may supersede the order of benefits determination.		
If you are in an automobile accident, your automobile insurance will be the primary plan for your medical expenses resulting from the accident.		

Dow as the Secondary Plan (not Applicable to COB with Medicare)

The following rules apply when the Dow Plan provides secondary coverage:

- Dow pays based on the balance remaining following payment by the primary plan, using all Dow benefits provisions.
- If payment by the primary plan is equal to or greater than either Dow's **negotiated charge** (if services were received through a Network provider) or the **recognized charge** (if services were received through an Out-of-Network or Out-of-Area provider), no benefits will be payable by the Dow Plans.
- Dow does not reimburse for expenses not covered by the Dow Plans.
- If your Spouse of Record's/Domestic Partner of Record's non Dow employer offers a choice of plans, *the Dow Plan benefits will be coordinated with those of the plan that is most comparable to the Dow Plan, regardless of the non Dow plan in which your Spouse of Record/Domestic Partner of Record is actually enrolled.*
- If your Spouse of Record's/Domestic Partner of Record's plan is a health maintenance organization (HMO) and a service normally provided by the HMO is received from a provider not affiliated with the HMO, no benefits will be payable under the Dow Plan. Each HMO has its own coordination of benefits guidelines. Please refer to the HMO for details. Generally, HMOs will only coordinate benefits with other HMOs if Network providers are used and the other HMO's rules have been followed.
- If your Spouse of Record's/Domestic Partner of Record's plan has special requirements, including but not limited to, mandatory second surgical opinions, use of Network Providers, outpatient surgery for certain procedures, precertification of hospital admissions or pre admission testing, the Dow Plan will not cover any expenses resulting from failure to comply with those requirements.
- Dual coverage usually does not provide 100% coverage.

Periodically, you may be requested to provide coordination of benefits information including, but not limited to, whether your Spouse of Record/Domestic Partner of Record works, details about the coverage available as a result of that employment and specific coverage information. The Plan may withhold Plan benefits if you or your Dependents fail to produce the required information.

When You Have Medicare Coverage

COB with Medicare Parts A & B

When Medicare is involved, Coordination of Benefits is more complex. The Dow Plans coordinate benefits with Medicare Parts A and B. They do NOT coordinate with Medicare Part D. To determine which plan pays first, second and third, refer to the following chart:

	Your Dow Plan will pay:	The other group plan will pay:	Medicare will pay:
If you are the patient and you and your non Dow Spouse of Record/Domestic Partner of Record are both retired and Enrolled in Medicare:	2nd	3rd	1st
If your non Dow Spouse of Record/Domestic Partner of Record is the patient and you and your Spouse of Record/Domestic Partner of Record are both retired and enrolled in Medicare:	3rd	2nd	1st
If you are the patient and you are retired and enrolled in Medicare, and your non Dow Spouse of Record/Domestic Partner of Record is an active employee:	3rd	1st	2nd
If you are retired and your non Dow Spouse of Record/Domestic Partner of Record is the patient and is an active employee enrolled in Medicare:	3rd	1st	2nd

These are the guidelines for Coordination of Benefits when Medicare is involved:

Note: If you use a provider who has opted out of, dis-enrolled from, or is non participating with Medicare, we will assume that Medicare benefits exist. Your Dow Plan will reduce the benefits by the amount that would have been paid by Medicare had the provider not opted out of, or dis-enrolled from Medicare.

If you are age 65 or older enrolled in Medicare Parts A and B, Medicare is the primary plan. Your Dow Plan is secondary, paying based on the Dow coverage level and the Plan Allowable Amount.

Submit your claims first to Medicare, then send your Medicare worksheet, along with a copy of the bill, to your claims administrator. This will be done electronically for you in many cases. Your Dow Plan will compute the normal benefit and reduce it by the amount paid by Medicare.

If your Spouse of Record/Domestic Partner of Record is age 65 or older and is a full time employee of another company, he or she will have primary coverage through the other employer's plan. If you are age 65 or older, Retired, and covered as a Dependent under your Spouse of Record's/Domestic Partner of Record's plan, that plan will be primary. For more information about coverage for employed Spouses of Record/Domestic Partners of Record, contact your medical claims administrator.

If your Spouse of Record/Domestic Partner of Record is age 65 or older and is a retiree of another company, he or she should not cancel coverage under the other employer's plan. The Dow Plan will not provide coverage unless your Spouse of Record/Domestic Partner of Record is enrolled in the other employer's plan. In this case Medicare will pay benefits first for your Spouse of Record/Domestic Partner of Record, the other employer's plan will pay second, and the Dow Plan will pay third on his or her eligible expense.

COB with Automobile Insurance

Sometimes a Participant or Dependent is entitled to health care benefits through automobile insurance. Should this type of situation occur, the benefits under your Dow Plans will be coordinated so that the total benefits from all plans do not exceed the **negotiated charge** (for Network services) or the **recognized charge** (for Out-of-Network services). Your Dow Plan will be secondary to the auto insurance carrier.

General Provisions

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- The plan may be changed or discontinued with respect to your coverage.

Financial Sanctions Exclusions

If any benefit provided by this plan violates or will violate any economic or trade sanctions, the coverage is immediately considered invalid. For example, Aetna companies cannot make payments for health care or other claims or services if it violates a financial sanction regulation. This includes sanctions related to a blocked person or a country under sanction by the United States, unless permitted under a valid written Office of Foreign Assets Control (OFAC) license. For more information, visit <http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna's failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Subrogation and Right of Recovery Provision

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

The plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an **injury, illness** or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery with respect to any claim or potential claim against any party, due to an **injury, illness** or condition to the full extent of benefits provided or to be provided by the plan. The plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an **injury, illness** or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that **injury, illness** or condition, up to and including the full amount of your recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an **injury, illness** or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the **illness, injury** or condition upon any recovery whether by settlement, judgment, or otherwise, related to treatment for any **illness, injury** or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan's recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan's recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only. The plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan's efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your **injury, illness** or condition. You and your agents agree to provide the plan or its representatives notice of any recovery you or your agents obtain prior to receipt of such recovery funds or within 5 days if no notice was given prior to receipt. Further, you and your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in person injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery you receive may result in the denial of any future benefit payments or claim until the plan is reimbursed in full, termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan's subrogation or recovery interest or to prejudice the plan's ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health plan's subrogation and reimbursement interest.

You acknowledge that the plan has the right to conduct an investigation regarding the **injury, illness** or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/ her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq.*, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Workers' Compensation

If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

Recovery of Overpayments

Health Coverage

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed later than the end of the Calendar Year following the year the eligible expenses were incurred.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

The Plan may pay up to \$1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Effect of Benefits Under Other Plans

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care), if any, on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group contract anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

Any extensions of benefits under this plan for disability or pregnancy will not always apply on and after the date of a change to an HMO Plan providing medical coverage. They will apply only if the person is not covered at once under the HMO Plan because he or she is in a **hospital** not affiliated with the HMO. If you give evidence that the HMO Plan provides an extension of benefits for disability or pregnancy, coverage under this plan will be extended. The extension will be for the same length of time and for the same conditions as the HMO Plan provides. It will not be longer than the first to occur of:

- The end of a 90 day period; and
- The date the person is not confined.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Discount Programs

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment, payment percentage**, and/or a **deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

Appeals Procedure

Definitions

- in the case of a pregnant woman, cause serious jeopardy to the health of the fetus.

Claim Determinations

Urgent Care Claims

Aetna will make notification of an **urgent care claim** determination as soon as possible but not more than 72 hours after the claim is made.

If more information is needed to make an urgent claim determination, Aetna will notify the claimant within 24 hours of receipt of the claim. The claimant has 48 hours after receiving such notice to provide Aetna with the additional information. Aetna will notify the claimant within 48 hours of the earlier of the receipt of the additional information or the end of the 48 hour period given the **physician** to provide Aetna with the information.

If the claimant fails to follow plan procedures for filing a claim, Aetna will notify the claimant within 24 hours following the failure to comply.

Pre-Service Claims

Aetna will make notification of a claim determination as soon as possible but not later than 15 calendar days after the pre-service claim is made. Aetna may determine that due to matters beyond its control an extension of this 15 calendar days claim determination period is required. Such an extension, of not longer than 15 additional calendar days, will be allowed if Aetna notifies you within the first 15 calendar days period. If this extension is needed because Aetna needs additional information to make a claim determination, the notice of the extension shall specifically describe the required information. You will have 45 calendar days, from the date of the notice, to provide Aetna with the required information.

Post-Service Claims

Aetna will make notification of a claim determination as soon as possible but not later than 30 calendar days after the post-service claim is made. Aetna may determine that due to matters beyond its control an extension of this 30 calendar day claim determination period is required. Such an extension, of not longer than 15 additional calendar days, will be allowed if Aetna notifies you within the first 30 calendar day period. If this extension is needed because Aetna needs additional information to make a claim determination, the notice of the extension shall specifically describe the required information. The patient will have 45 calendar days, from the date of the notice, to provide Aetna with the required information.

Concurrent Care Claim Extension

Following a request for a **concurrent care claim extension**, Aetna will make notification of a claim determination for **emergency or urgent care** as soon as possible but not later than 24 hours, with respect to **emergency or urgent care** provided the request is received at least 24 hours prior to the expiration of the approved course of treatment, and 15 calendar days with respect to all other care, following a request for a **concurrent care claim extension**.

Concurrent Care Claim Reduction or Termination

Aetna will make notification of a claim determination to reduce or terminate a previously approved course of treatment with enough time for you to file an **appeal**.

Complaints

If you are dissatisfied with the service you receive from the Plan or want to complain about a **provider** you must write Aetna Customer Service within 30 calendar days of the incident. You must include a detailed description of the matter and include copies of any records or documents that you think are relevant to the matter. Aetna will review the information and provide you with a written response within 30 calendar days of the receipt of the **complaint**, unless additional information is needed and it cannot be obtained within this period. The notice of the decision will tell you what you need to do to seek an additional review.

Appeals of Adverse Benefit Determinations

You may submit an **appeal** if Aetna gives notice of an **adverse benefit determination**. This Plan provides for two levels of **appeal**. It will also provide an option to request an external review of the **adverse benefit determination**.

You have 180 calendar days following the receipt of notice of an **adverse benefit determination** to request your level one **appeal**. Your **appeal** may be submitted verbally or in writing and should include:

- Your name;
- Your employer's name;
- A copy of Aetna's notice of an adverse benefit determination;
- Your reasons for making the appeal; and
- Any other information you would like to have considered.

The notice of an **adverse benefit determination** will include the address where the appeal can be sent. If your appeal is of an urgent nature, you may call Aetna's Customer Service Unit at the toll-free phone number on your ID card.

You may also choose to have another person (an authorized representative) make the **appeal** on your behalf by providing verbal or written consent to Aetna.

Level One Appeal - Group Health Claims

A level one **appeal** of an **adverse benefit determination** shall be provided by Aetna personnel not involved in making the **adverse benefit determination**.

Urgent Care Claims (May Include concurrent care claim reduction or termination)

Aetna shall issue a decision within 36 hours of receipt of the request for an **appeal**.

Pre-Service Claims (May Include concurrent care claim reduction or termination)

Aetna shall issue a decision within 15 calendar days of receipt of the request for an **appeal**.

Post-Service Claims

Aetna shall issue a decision within 30 calendar days of receipt of the request for an appeal.

You may submit written comments, documents, records and other information relating to your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim.

A copy of the specific rule, guideline or protocol relied upon in the adverse benefit determination will be provided free of charge upon request by you or your authorized representative. You may also request that the Plan provide you, free of charge, copies of all documents, records and other information relevant to the claim.

Level Two Appeal

If Aetna upholds an **adverse benefit determination** at the first level of **appeal**, you or your authorized representative have the right to file a level two **appeal**. The **appeal** must be submitted within 60 calendar days following the receipt of notice of a level one **appeal**.

A level two **appeal** of an **adverse benefit determination** of an **urgent care claim, a Pre-Service Claim, or a Post-Service Claim** shall be provided by Aetna personnel not involved in making an **adverse benefit determination**.

Urgent Care Claims (May Include concurrent care claim reduction or termination)

Aetna shall issue a decision within 36 hours of receipt of the request for a level two **appeal**.

Pre-Service Claims (May Include concurrent care claim reduction or termination)

Aetna shall issue a decision within 15 calendar days of receipt of the request for level two **appeal**.

Post-Service Claims

Aetna shall issue a decision within 30 calendar days of receipt of the request for a level two **appeal**.

If you do not agree with the final determination on review, you have the right to bring a civil action, if applicable.

Exhaustion of Process

You must exhaust the applicable Level one and Level two processes of the Appeal Procedure before you:

- establish any:
 - litigation;
 - arbitration; or
 - administrative proceeding;

regarding an alleged breach of the policy terms by Aetna Life Insurance Company; or any matter within the scope of the Appeals Procedure.

Health Claims – Voluntary Appeals

You may file a voluntary appeal for external review of any final standard appeal determination that qualifies.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

External Review

Aetna may deny a claim because it determines that the care is not appropriate or a service or treatment is **experimental or investigational** in nature. In either of these situations, you may request an external review if you or your provider disagrees with Aetna's decision. An external review is a review by an independent **physician**, selected by an External Review Organization, who has expertise in the problem or question involved.

To request an external review, the following requirements must be met:

- You have received notice of the denial of a claim by Aetna; and
- Your claim was denied because Aetna determined that the care was not necessary or was experimental or investigational; and
- The cost of the service or treatment in question for which you are responsible exceeds \$500; and
- You have exhausted the applicable internal appeal processes.

The claim denial letter you receive from Aetna will describe the process to follow if you wish to pursue an external review, including a copy of the Request for External Review Form.

You must submit the Request for External Review Form to Aetna within 60 calendar days of the date you received the final claim denial letter. You also must include a copy of the final claim denial letter and all other pertinent information that supports your request.

Aetna will contact the External Review Organization that will conduct the review of your claim. The External Review Organization will select an independent **physician** with appropriate expertise to perform the review. In making a decision, the external reviewer may consider any appropriate credible information that you send along with the Request for External Review Form, and will follow Aetna's contractual documents and plan criteria governing the benefits. You will be notified of the decision of the External Review Organization usually within 30 calendar days of Aetna's receipt of your request form and all necessary information. A quicker review is possible if your **physician** certifies (by telephone or on a separate Request for External Review Form) that a delay in receiving the service would endanger your health. Expedited reviews are decided within 3 to 5 calendar days after Aetna receives the request.

Aetna, the Company and the Health Plan will abide by the decision of the External Review Organization, except where Aetna can show conflict of interest, bias or fraud.

You are responsible for the cost of compiling and sending the information that you wish to be reviewed by the External Review Organization to Aetna. Aetna is responsible for the cost of sending this information to the External Review Organization and for the cost of the external review.

For more information about Aetna's External Review process, call the toll-free Customer Services telephone number shown on your ID card.

R

Recognized Charge

The amount of an **out-of-network provider's** charge that is eligible for coverage. You are responsible for all amounts above the **recognized charge**. The **recognized charge** may be less than the provider's full charge.

In all cases, the **recognized charge** is determined based on the Geographic Area where you receive the service or supply.

Except as otherwise specified below, the **recognized charge** for each service or supply is the lesser of what the **provider** bills and:

- For professional services and for other services or supplies not mentioned below:
 - The reasonable amount rate
- For services of **hospitals** and other facilities:
 - The reasonable amount rate

The **recognized charge** is the **negotiated charge** for **providers** with whom we have a direct contract but are not **network providers** or, if there is no direct contract, with whom we have a contract through any third party that is not an affiliate of **Aetna**.

If your ID card displays the National Advantage Program (NAP) logo, the **recognized charge** is the rate we have negotiated with your NAP provider. Your out-of-network cost sharing applies when you get care from NAP **providers**, except for **emergency services**.

A NAP **provider** is a **provider** with whom we have a contract through any third party that is not an affiliate of **Aetna** or through the Coventry National or First Health Networks. However, a NAP **provider** listed in the NAP directory is not a **network provider**.

We have the right to apply **Aetna** reimbursement policies. Those policies may further reduce the **recognized charge**. These policies take into account factors such as:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the **provider**

Aetna reimbursement policies are based on our review of:

- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice and
- The views of **physicians** and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

Special terms used

FCR Rate, Geographic area, Medicare allowable rates, and Reasonable amount rate are defined as follows:

FCR Rate

The Facility Charge Review (FCR) Rate is an amount that we determine is enough to cover the **provider's** estimated costs for the service and leave the **provider** with a reasonable profit. For **hospitals** and other facilities which report costs (or cost-to-charge ratios) to CMS, the FCR Rate is based on what the facilities report to CMS. For facilities which do not report costs (or cost-to-charge ratios) to CMS, the FCR Rate is based on statewide averages of the facilities that do report to CMS. We may adjust the formula as needed to maintain the reasonableness of the **recognized charge**. For example, we may make an adjustment if we determine that in a particular state the charges of ambulatory surgery centers (or another class of facility) are much higher than charges of facilities that report costs (or cost-to-charge ratios) to CMS.

Geographic area

The Geographic area made up of the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider Geographic area such as an entire state.

Medicare allowable rates

Except as specified below, these are the rates CMS establishes for services and supplies provided to Medicare enrollees. We update our systems with these revised rates within 180 days of receiving them from CMS. If Medicare does not have a rate, we will determine the rate as follows:

- Use the same method CMS uses to set Medicare rates.
- Look at what other providers charge.
- Look at how much work it takes to perform a service.
- Look at other things as needed to decide what rate is reasonable for a particular service or supply.

Reasonable amount rate:

There is not a single “reasonable” amount. Your plan establishes the “reasonable” amounts as follows:

- For professional services:
 - The 90th percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we reserve the right to substitute an alternative. If the alternative data source does not contain a value for a particular service or supply, we will base the **recognized charge** on the Medicare allowable rate.
- For inpatient and outpatient charges of **hospitals**:
 - The FCR rate.
- For inpatient and outpatient charges of facilities other than **hospitals**:
 - The FCR rate

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.
