REACH
For information on the REACH status of this product, please request a REACH Product Information Sheet (PIS) from The Dow Customer Information Group at http://www.dow.com/en-us/contact-us-cig

China FDA Status
The INCI name of the key ingredient in this product is listed in the China Existing Cosmetic Ingredient List as an approved cosmetic ingredient.
EU Cosmetic Status

Product Composition
Glyoxal (CAS 107-22-2) is used as a surface treatment that enables such polymers to be readily soluble in cold aqueous solutions or aqueous fatty emulsions. Glyoxal has been approved as safe for use in cosmetic products at levels up to 100 ppm (SCCP/0881/05 Decision dated June 21st 2005). Analyses of batches of SoftCat™ products using have shown total glyoxal levels of approximately 1800 – 3200 ppm dependent upon grade. Products were analyzed using the updated 3-methyl-2-benzothiazolinone hydrazone hydrochloride (MBTH) method (Anal. Chem., 33, 93-96 (1961), Anal. Chem., 35, 1541-1542 (1963), and Analyst, 98, 782-791 (1973)) that detects the total amount of glyoxal present. This includes "free" and "bound" glyoxal.

Preservative
No preservative is intentionally added to this product.
Parabens and formaldehyde-releasers are not added to this product. We do not expect these substances to be present in the raw materials used to produce this product.

Animal Derived Components
With regards to Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopathy (TSE), we do not intentionally add, nor would we expect any component of this product to be derived from bovine, ovine, caprine, porcine or related ingredients of animal origin. This product is derived from materials of vegetal, synthetic, petrochemical and/or mineral origins. The manufacturing equipment for the product is not used for the manufacture of products of animal origin or products containing ingredients of animal origin. This product is not stored with products of animal origin or products containing ingredients of animal origin.

Kosher
With regards to Kosher status, this product is free of wheat, oat, barley or rye derivatives. Although this product has not been officially certified by a Rabbinical council, we believe this product is judged to be "pareve" within the framework of the Jewish definition. We are disclosing above information, to the best of knowledge based upon data from our raw material suppliers and our manufacturing process.

Halal
With regards to Halal status, this product is free of wheat, oat, barley or rye derivatives. Although this product has not been officially certified by a Islamic council, we believe this product is judged to be permitted under Muslim standards. We are disclosing above information, to the best of knowledge based upon data from our raw material suppliers and our manufacturing process.
Allergen

This product does not contain any of the eight major food allergens (milk, eggs, fish, shellfish, tree nuts, peanuts, wheat and/or soybeans) or proteins as listed in the FALCPA of 2004 and in FDA Guidance Sec.550.250 and does not contact these food allergen during the manufacturing process. This product does not contain any of the 26 allergen ingredients as defined in the Cosmetics Products Regulation (EC) 1223/2009.

Based on our knowledge of the manufacturing process and the raw materials used to produce this product, the following materials are not expected to be present in this product.

- Peanuts or peanut products (butter, oil, flour)
- Tree nuts (almonds, pecans, walnuts, Brazil nuts, cashew, chestnuts, etc.)
- Eggs or egg products (whites, yolks, meringue, mayonnaise, etc.)
- Fish (cod, flounder, salmon, trout, tuna, etc.)
- Shellfish (crustaceans and mollusks)
- Celery (root, leaves, stalk, not seeds)
- Dairy or dairy derivatives
- Cereals containing gluten
- Wheat or wheat products
- Soybean or soy products (soy derived vegetable protein, tofu, etc.)
- Sulfites
- Artificial or natural colors including FD&C Yellow #5 and #6
- Umbelliferae (carrot or parsley family)
- Flavors/enhancers

Materials from Genetically Modified Organisms

One of the raw materials used in the manufacture of this product may have been derived from genetically modified organisms (GMO).

California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986)

To the best of our knowledge, this product does not contain any contaminants or by products known to the State of California to cause cancer or reproductive toxicity as listed under the Proposition 65 State Drinking Water and Toxic Enforcement Act.

Residual Solvents

None of the Class 1 or Class 2 Residual Solvents specified in USP General Chapter <467> effective on 1 JUL 2008 are used in the manufacture of this product. A Class 3 solvent, isopropanol, is used in production of this product.
CMR
One reactant (2,3-Epoxypropyltrimethylammonium chloride, CAS 3033-77-0) used in the substitution process during manufacture of this product is classified in the European Union as a category 2 carcinogen and category 3 mutagen. During the manufacture it is fully substituted onto the hydroxyethyl cellulose backbone.

This polymer is manufactured using glyoxal (CAS# 107-22-2) as a surface treatment that enables such polymers to be readily soluble in cold aqueous solutions or aqueous fatty emulsions. Glyoxal is classified in the European Union, following the Global Harmonisation Scheme (GHS) of classification, as a category 2 mutagen. The level of free glyoxal detected by the CEFIC method is well below 1000 ppm, typically a few hundred ppm. Glyoxal per se has been approved as safe for use in cosmetic products at levels up to 100 ppm by the European Union Scientific Committee on Consumer Safety (SCCP/0881/05 Decision dated June 21st 2005).

Nanomaterials
This product does not meet the definition of a nanomaterial as listed in Article 2(k) of the EU Cosmetic Regulation. This product would not trigger the notification requirements of Article 16 or the need for any further safety assessment that is required for a cosmetic product due to the presence of nanomaterials.

Endocrine Disruptors
To the best of our knowledge, this product does not contain any potential endocrine disruptors.

EU Directive 2002/95/EC (RoHS) as amended by 2008/385/EC
EU Directive (EU) 2015/863 EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment requires that such equipment placed on the EU market contain no more than 0.1% Lead (Pb), Mercury (Hg), Hexavalent Chromium (Cr6+), polybrominated biphenyl (PBB), polybrominated biphenyl ether (PBDE), Bis(2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP), Diisobutyl phthalate (DIBP) and no more than 0.01% Cadmium (Cd).

This product is intended for personal care applications and does not fall within the scope of this directive. However if this product is used as a raw material in the manufacture of any components of electrical and electronic equipment, Dow can confirm the following: 1. Dow does not intentionally use any of the substances listed above in the manufacture of this product. 2. Based upon data from our raw material suppliers, knowledge of the manufacturing process, and heavy metals analyses of this product, Dow has no reason to believe that these substances are present.

Heavy Metals, EU 94/62/EC and Coalition of Northeastern Governors (CONEG)
This product has not been analyzed for heavy metal content. To the best of knowledge, based upon data from our raw material suppliers and our manufacturing process, we do not expect to find heavy metals in this product.
Impurities
For information on the components of our products and their concentration, please refer to the Material Safety Data Sheet (MSDS) and the Sales Specification. Dow does not routinely analyze for additional materials that are not listed in the MSDS or Sales Specification.

Clean Air Act
To the best of our knowledge, with regards to the Clean Air Act, Section 112(b), this product does not contain any Hazardous Air Pollutants (HAPs) at or above 0.1%.

To the best of our knowledge, this product does not contain any components that are listed on the Clean Air Act Sec. 602 Class I and II Ozone Depleting Substances List (40 CFR 82).

Clean Water Act
To the best of our knowledge, this product does not contain any components that are listed on the Clean Water Act Toxic Pollutant List in 40 CFR 401.15.

Substances of Very High Concern (SVHC)
This product does not contain any of the substances on the Substances of Very High Concern (SVHC) list at ≥ 0.1% as defined by the European Chemical Agency on 3 December 2013.

We also encourage you to visit our REACH website www.reach.dow.com where you will be able to find and download the most recent REACH related documents on our products.

Certificate of Analysis
For product specifications, please request a Sales Spec document for this product from The Dow Customer Information Group at http://www.dow.com/en-us/contact-us-cig

Micro Specifications
There are no sales specifications for SoftCat™ Polymers related to microbiological data. During the manufacturing process the material is washed in alcohol and dried at elevated temperatures. To date there have been no documented instances of microbiological quality issues with these polymers.

Shelf Life
For information on shelf life or country of origin, please contact the The Dow Customer Information Group at http://www.dow.com/en-us/contact-us-cig
Product Stewardship

The Dow Chemical Company and its subsidiaries (“Dow”) has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our Product Stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take the appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with Dow products—from the initial concept and research, to manufacture, use, sale, disposal and recycle of each product.

Customer Notice

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products from the standpoint of human health and environmental quality to ensure that Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.

Medical Applications Policy

NOTICE REGARDING MEDICAL APPLICATION RESTRICTIONS: Dow will not knowingly sell or sample any product or service (“Product”) into any commercial or developmental application that is intended for:

a. long-term or permanent contact with internal bodily fluids or tissues. “Long-term” is contact which exceeds 72 continuous hours;

b. use in cardiac prosthetic devices regardless of the length of time involved (“cardiac prosthetic devices” include, but are not limited to, pacemaker leads and devices, artificial hearts, heart valves, intra-aortic balloons and control systems, and ventricular bypass-assisted devices);

c. use as a critical component in medical devices that support or sustain human life; or

d. use specifically by pregnant women or in applications designed specifically to promote or interfere with human reproduction.

Dow requests that customers considering use of Dow products in medical applications notify Dow so that appropriate assessments may be conducted. Dow does not endorse or claim suitability of its products for specific medical applications. It is the responsibility of the medical device or pharmaceutical manufacturer to determine that the Dow product is safe, lawful, and technically suitable for the intended use. DOW MAKES NO WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE SUITABILITY OF ANY DOW PRODUCT FOR USE IN MEDICAL APPLICATIONS.

Disclaimer

NOTICE: No freedom from infringement of any patent owned by Dow or others is to be inferred. Because use conditions and applicable laws may differ from one location to another and may change with time, the Customer is responsible for determining whether products and the information in this document are appropriate for the Customer’s use and for ensuring that the Customer’s workplace and disposal practices are in compliance with applicable laws and other governmental enactments. Dow assumes no obligation or liability for the information in this document. NO WARRANTIES ARE GIVEN; ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED.
